AIR-TIGHT™

Air-Tight™ Spacer Products

AIR-TIGHT™

THE GENERIC

AIR-TIGHT...The Generic is a flexible foam tape spacer that provides superior warm-edge performance for insulated glass production. Why pay a premium?

AIR-TIGHT... The Generic

- Warm edge performance
- Consistent, pleasing sight lines
- Simplifies manufacturing
- Condensation resistance
- Thicknesses from 3/16" to 3/4"

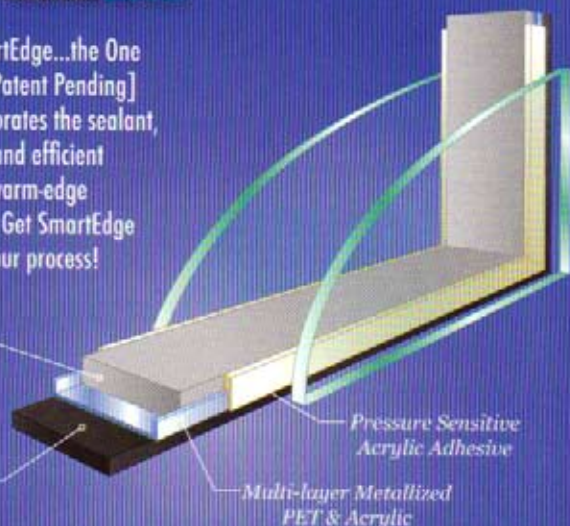

AIR-TIGHT

SMARTEDGE

AIR-TIGHT SmartEdge...the One Step Product [Patent Pending] already incorporates the sealant, allowing easy and efficient production of warm-edge insulated glass Get SmartEdge and simplify your process!

EPDM Rubber
3A Molecular Sieve
Desiccant Materials

Butyl

Pressure Sensitive
Acrylic Adhesive

Multi-layer Metallized
PET & Acrylic

AIR-TIGHT... SmartEdge the One Step Product

- Warm edge performance
- Consistent, pleasing sight lines
- Simplifies manufacturing
- Condensation resistance
- Thicknesses from 3/16" to 3/4"
- One step process
- Includes sealant

Glasslam

The World Leader In
Laminated Glass Technology &
Quality Window Components

Glasslam N.G.I., Inc.

The world leader in laminated glass technology and quality window components

Air-Tight™ Spacer Products

Glasslam is known as one of the premier innovators in the glass industry. The addition of the Air-Tight warm edge spacer systems for insulated glass production is a natural addition to the cutting edge Glasslam product line. Now window companies and insulated glass producers may choose between a proven, high-tech warm edge foam product and a one-step spacer with a pre-applied secondary seal. Glasslam's Air-Tight...the Generic and SmartEdge...the One-Step Product [Patent Pending] represent the industry's most innovative and practical warm edge offering.
